### **DETAILED ACTION**

1. This action is in response to the Request For Continued Examination (RCE) and the accompanying amendment of 25 June 2003.

2. Claims 20-22,26-32,37,40-42,44,45,46,47,48 and 49 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter that was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The originally filed specification only disclosed a second supplier supplying either pure oxygen or a clean air that contains oxygen (see page 9, lines 19-21). There is no disclosure in the originally filed specification that all gases containing oxygen may be used as the gas supplied by the second supplier.
